CIRCULAR Nº 06/07
Insertion of Information about Golf Courses and Golf Training Centres in the Portuguese Golf Federation's website

In order to insert the best information concerning national Golf Courses and Golf Training Centres in the Portuguese Golf Federation's Website (www.fpg.pt), we would like to request you the following:

- Check / correct the information in the 2007 Golf Guide;
- Write a text, making a small description of the Course or the Training Centre (15 to 20 lines – about 300 words);
- Golf Course layout, with the corresponding image. For example:

- Small map with the location of the Course, including how to get to the course;

- Facilities – Driving Range, Putting Green, Buggies, Meals, Accommodation, Swimming Poll, etc.;
- Prices (for the weekend and normal, for 9 and 18 holes, ball baskets, lessons, etc.);
- Most important competitions played in the Golf Course;
- Course Records;
- Course Photographs – 2 or 3 panoramic and normal sizes

If possible, we also request you to send 2 photographs of each hole, with a brief explanation (2 or 3 lines), made by the Course Professional, about how to play the hole.

Finally, we kindly request you to send all the required information to: vanessavelosa@fpg.pt.

We would like to thank you in advance for your attention in this matter, hopping that this initiative will contribute to increase the information available on the national Golf Courses and Golf Training Centres.

Best Regards,

Portuguese Golf Federation
