myFPG Scorecards

FPG technological innovations relating to scorecards registration

In December 2018, a new feature becomes available for scorecard registration. Find out what and why.

myFPG Scorecards – What is it?

- It is a feature in myFPG, where each player registers their own scores, referring to:
    1. Individual scores played outside competitions
    2. The scores can be:
        - Scores to be submitted for handicapping purposes
        - Scores not valid for handicap purposes
- It is available for affiliated members in the FPG and registered in myFPG.

What are the objectives?

- Give players the chance to:
    1. Register their scores in a quicker a more effective way
    2. Follow their own sports performance
    3. To see their scores and points

- Give the Club Handicap Committees the chance to:
    1. Potentially reduce administrative procedures
    2. Organize, systematize and follow, in a digital way, scorecards and sports data

- Give continuity to a policy of innovation and development of an integrated digital system, for Clubs and members.

How to use it?

- Players have available a HELP menu, within the Scorecards Section, with a step by step description. Briefly:
    1. Open/Register the round
    2. Insert:
        - Score hole by hole
        - Marker (mandatory in scorecards for handicap purposes)
        - Possibility to attach the photo of the scorecard
    3. Send the score to the Central System of the FPG
